SCI Annual Hunters' Convention Convention Donation Policy

SCI accepts donations for raffle, auction or other use to produce revenue for SCI at the Convention from exhibitors as part of the Exhibitor Contract. The general donation categories include hunts, tangible items and services. A cash donation may be submitted in lieu of an auction donation to satisfy the Exhibitor Contract. Donations from companies or individuals other than exhibitors must be approved by the Convention Steering Committee. Only exhibitors making auction donations for the Convention are granted Priority Points.

All donations to be raffled, auctioned, or otherwise used to produce revenue for SCI during the course of the Convention must first be reviewed and approved by the Convention Steering Committee and/or Show Management.

SCI reserves the right to refuse the acceptance of any donation if it is determined that it would be inappropriate to auction at the Convention or for any other reason. SCI shall not be liable to exhibitor for any loss, damage or expense claimed to have been suffered by exhibitor as a result of such refusal. SCI also reserves the right to use an approved donation in whatever way deemed most beneficial to SCI by the SCI Auction Committee. Items offered for donation must be described on a Hunt/Fishing Donor Form, Non-Hunt Donor Form or Firearm Donor Form and submitted to SCI by the applicable due date.

A representative from the donor of an auction item of hunts, tangible items and services will be available on-site in the exhibitor's booth space to discuss details about hunts, tangible items and services before attendees bid at auction.

DEDICATED DONATIONS

This policy is applicable to (1) all donations received during the course of the Convention that are raffled, auctioned or used to produce revenue for SCI programs, other than the Convention, whether the donation is used during the Convention or outside of the Convention, and (2) any donation that does not fulfill an exhibitor's contract obligation.

Any fundraising through raffle, auction or otherwise by SCI/SCIF representatives other than the Convention Steering Committee (an "outside program") during the Convention must be submitted to the Convention Steering Committee for approval no later than 120 days prior to the first day of the Convention. The outside program is responsible for any direct costs associated with its fundraising activities.
