SCI Annual Hunters' Convention

Donation Solicitation Guidelines

Friday/Saturday Night Donation Criteria-Minimum 100% Donation to SCI

The Friday and Saturday Night banquet auctions are held in conjunction with SCI's finest dinner and program events. The amount of recognition and promotion that a donor receives on either of these nights is considerably more than during the other auctions. The additional benefits include the largest number of qualified auction participants in attendance, direct mail promotion, full color Evening Auction Guide exposure, and a placement with only a limited number of exclusive items available at the time of sale. A donor for the Friday and Saturday Night banquet auctions also receive exclusive access opportunities to SCI's top buyers and the Patrons, through the preview of items at the Thursday night Patrons' Reception.

As a tool in securing the number of 100% donations that SCI desires each year, all donations considered for Friday Night or Saturday Night banquet auctions are those that SCI deems most desirable to its attendees and those that are submitted or upgraded to 100% donations. "100% donations" means that 100% of the proceeds of the auctioned item are paid to SCI, with no portion being paid to the donor.

Additional promotional value can include the donation and donor being identified in the "Featured Hunts," "Hunts of SCI," "The Guns of SCI" and the "Art of SCI," which appear throughout the year in Safari Magazine and Safari Times.
